Appendix 3: The moving-window standard deviations for the pairs of the prefectures within the Pearl River System

This appendix covers the 21 prefectures¹ (Fu 府, Zhilizhou 直隸州) of the provinces Guizhou, Guangxi and Guangdong which are within the Pearl River System. There exists 210 ($=21 \times 20 \div 2$) combinations with pairs of different prefectures. The data, including the highest and lowest medium rice prices of all prefectures, dated by the Qing calendar, are from “The Qing Dynasty Grain Price Database” established by the Institute of Modern History, Academia Sinica. The unit of prices is fen/shi (1 fen = 0.01 tael silver). For given prefecture pair at every specific month, the relative price is defined as the value of the rice price of one prefecture divided by another, and taken in logarithm. The relative prices for highest and lowest prices are evaluated respectively.

The relative prices within the moving windows of ten years (123 months, leap months in Qing calendar are included) are utilized to calculate the standard deviation. For instance of the pair “Guangdong Guangzhou Fu - Guangdong Luoding Zhilizhou”, the first window covers months from January of 1736 to December of 1745 (123 months). Use all available relative prices of the highest medium rice within the window to evaluate the standard deviation as 0.0912, and dated as the mid-point of the window (December of 1740). The calculation explanation is described in Appendix 1.

Next move the start and end months to one month ahead (February 1736 and January 1746), and standard deviation is 0.0910 for the second window, dated as January of 1741. Apply the same calculation to highest and lowest prices of all windows, respectively, then the time-series chart of each prefectures could be done. The following charts are in alphabetical order of provinces and prefectures.

¹ In alphabetical order of prefectures: Anshun Fu (安順府), Dading Fu (大定府), Duyun Fu (都勻府), Guiyang Fu (貴陽府), Guangzhou Fu (廣州府), Guilin Fu (桂林府), Huizhou Fu (惠州府), Liuzhou Fu (柳州府), Liping Fu (黎平府), Lianzhou Zhilizhou (連州直隸州), Luoding Zhilizhou (羅定直隸州), Nanning Fu (南寧府), Pingle Fu (平樂府), Qingyuan Fu (慶遠府), Shaozhou Fu (韶州府), Sicheng Fu (泗城府), Si'en Fu (思恩府), Wuzhou Fu (梧州府), Xingyi Fu (興義府), Xunzhou Fu (潯州府), and Zhaoqing Fu (肇慶府).
